

High power to remove and disperse various types of dirt FORMULATION WITH NON-IONIC SURFACTANTS

D-LAV SALUS is a concentrated detergent that can be used as an additive for washing clothes and fabrics in general in commercial, industrial, hospital and hotel laundries. Its formula is composed of a blend of high-performance non-ionic surfactants that facilitate the removal and dispersion of various dirt.

**PRODUCT RESTRICTED TO PROFESSIONAL USE
DIRECT SALE TO THE PUBLIC PROHIBITED**

How to **USE:**

Dilute 2 to 6 mL of D-LAV SALUS Detergent for every kilo of dry clothes. Use during pre-washing and washing of clothes and/or fabrics.

RECOMMENDATIONS AND RESTRICTIONS ON USE:

Do not mix with water in the original packaging. Never reuse the empty packaging. Do not mix D-LAV SALUS Detergent in its concentrated version with other chemical products such as, for example: alkaline products (caustic soda, sodium hypochlorite, etc.) **Storage:** Keep the product in its original packaging, in a closed, vertical position, in a ventilated environment away from sources of heat, humidity and protected from direct sunlight.

Precautions and Warnings:

KEEP OUT OF REACH OF CHILDREN AND PETS. DANGER! Causes severe skin burns and eye damage. Do not inhale vapors and aerosols. Wear protective gloves, protective clothing, boots, eye protection and face protection.

First aid: IF SWALLOWED: Rinse mouth. DO NOT induce vomiting. IF ON SKIN (or hair): Immediately remove all contaminated clothing. Wash skin with water and shower. Wash contaminated clothing before reuse. IF ON EYES: Rinse cautiously with water for several minutes. If wearing contact lenses, remove them if easy to do so. Continue rinsing. IF INHALED: Move person to fresh air and in a position comfortable for breathing.

Immediately contact the Toxicology Information Center (CEATOX) 0800-722-6001.
