

DIOXI PLUS AGRO

ADJUVANT FOR AGRICULTURAL USE

Multifunctional adjuvant fungicide and bactericide enhancer

Dioxid Plus Agro

More efficient application, more harvest productivity

Dioxid Plus Agro is an innovative adjuvant developed to enhance the efficiency of fungicides and bactericides in the field. Its exclusive formulation improves the performance of pesticides in controlling diseases.

With its simple use and consistent results, **Dioxid Plus Agro** helps optimize applications, reduce losses, and increase productivity, offering greater safety and effectiveness in agricultural management.

ADD TO TANK FIRST:

CULTURES	DOSE (L/100L water)	APPLICATION TIME
Terrestrial	0,2	Use in all applications
Air	0,2	Use in all applications

DIOXI PLUS AGRO

ADJUVANT FOR AGRICULTURAL USE

How to use:

When preparing the spray mixture, fill half of the tank with water, add the product, and then complete with the remaining water volume.

Application:

Use as directed on this label or as recommended by an agricultural engineer.

If you have any questions about using the product, contact the distributor Germina directly at (35) 99989-4520, or your local representative.

Notes:

Applications should be avoided in extreme weather conditions (very low or very high relative humidity, frost or rain). Clean all equipment before and after use.

Recommendations/Precautions:

- Product unsuitable for human and animal consumption;
- Keep out of reach of children and animals;
- Non-toxic to the environment when used according to technical recommendations;
- In case of contact with eyes or mucous membranes (mouth and nose), rinse with plenty of water. If irritation occurs, seek medical advice;
- In case of poisoning by ingestion, do not induce vomiting, seek medical attention immediately and take this label with you.

Handling:

- Use personal protective equipment (PPE) during handling, such as masks, PVC gloves, safety glasses and appropriate clothing, avoiding direct contact of the product with the skin and eyes.

Storage/Transportation:

- Keep in a suitable, covered, dry and cool storage location;
- Protect from extreme weather conditions (temperatures below 0°C and above 40°C);
- Ensure that the transport location is clean, dry and free of debris.

Warranty:

The manufacturer and distributor guarantee the contents of the package, provided it is in its original packaging with no signs of tampering. The contents are guaranteed according to the descriptions on this label.

Do not reuse the packaging. Dispose of the product packaging appropriately.

Shelf life:

1 year from the date of manufacture and maintained under proper storage conditions. (We recommend using our neutral detergent DIOXI CLEAN).
